We should wish to incumber him with one. —
as it has became very fashionable to get away Ministers
from Sister Churches some of our Parish think we ought
to follow the fashion,

I rec'd a letter this week from our friend Rev'd W Campbell
dated the 6 Inst at Albany in N York where he arrived a few
days before to assist Mr Owe in the formation of a State
Society he says he has been beating and begging about
among the snow drifts has obtained between $40 & 50 —
Transportations at $30 each and about $100 in donations
does not know what sum he may take when he leaves
Albany I think a Call at Kennebunk will be very likely
to draw him — an Easterly course I shall expect to see
him in May

I am Sir your very humble Servant

Sir

As you were good enough to inform — Bro Goodwin that you could send us a Man to supply our desk for five weeks during the vacation — such a One as you think just the man for us — I wish you to engage him for us for that time provided he is such a Man as will be likely to please ~~unite~~ our — Society and unite us that we may not much longer remain like Sheep scattered upon the mountains without a Shepherd

Last winter several of our Society were for putting of taking measures for the settlement of a Minister to a distant more convenient season they now think it will be best to settle One as soon as we can obtain such a man as the One first named in your letter (they being Judges I conclude they will say)

Mr Samuel W Clark has supplied us seven Sabbaths he is an excellent Man and a devoted Christian his Sermons were very much admired but is not such a man in all respects as we want you know the voice and manner does much to draw People to Meeting

Rev Mr Stephen Thurston of Brookfield preached for us Fast day and last Sabbath if he were not incumbered with a Parish I think
